

# We Started with the Best

50 years ago, Partrade started with a simple idea, quality bits. Since then, we have broadened our bit and spur line, Metalab, into a family of equine products and brands. For more information call 1-800-223-2102 or visit us on line at [www.partrade.net](http://www.partrade.net).

For 50 Years... A Breed Apart In Quality and Value.
