INDUSTRY IN FOCUS

Assistance Available to Equestrian Community

Perhaps you've found yourself in dire straits in the wake of a natural disaster like hurricane Katrina, Or maybe you have a loved one who is ill and you're having trouble covering the medical costs. Or for whatever reason, you or your business have fallen on hard times. The Western Endowment Subsistence Trust (WESTrust) wants to help.

The organization was established in 2002 with the goal of maintaining a benevolent trust fund to assist deserving individuals in need. It began as a subsistence fund created by the Western English Sales Association for its members, but split from that organization in order to include a broader description of individuals it might serve.

Eligible recipients of WESTrust assistance primarily include sales and marketing representatives, sales associates and management of Western and English retail stores,

owners of companies engaged in the production of Western and English equestrian and related products, and associates of equestrian history, heritage and lifestyles as determined by the board of directors.

Requests for financial assistance are held in strictest confidence. If you or someone you know is in need of help, contact one of the WESTrust board members or write to the address listed below.

WESTrust operates completely on funds generated from charitable donations made by individuals and businesses within the equestrian industry. The organization is recognized as an exempt charity by the Internal Revenue Service, and as such, all contributions are tax deductible to the fullest extent allowable. For more information on charitable contributions or to make a donation, contact a WESTrust board member or write to the address listed below.
