

FEEL THE DIFFERENCE

Take a look at the Rider Comfort System (RCS) - your feet will thank you.

- **POLYU INSOLE** is 100% breathable, anti-bacterial and anti-fungal. Active carbon reduces foot odor, while our moisture movement system wicks away moisture for fast drying and comfort.
- **HIGH DENSITY FOAM HEEL SUPPORT** provides comfort and durability
- **EVA COMFORT-MOLDED CUP** includes air holes for maximum breathability and foot support.
- **DRI LEX SHUBUCK SWEAT CONTROL FIBER** manages moisture, is totally breathable and quick drying.
- **TPR (THERMO PLASTIC RESIN) SOLE** provides maximum durability and high impact absorption.
- **HIGH QUALITY ITALIAN SHANK BOARD** provides real arch support.
- **RCS BOOTS** are made of the most supple full grain leather providing extreme comfort for the rider.

High density foam heel support
