

# BEST OF THE BEST

**In every walk of life  
there are those who rise above.**

**They truly are the best  
of the best.**

**E**ach year, Tack 'n Togs honors those who strive to make the equine trade industry better. Our sixth year of celebrating these over-achievers also marks the first time we recognize people and companies in five categories: English retailer, Western retailer, English manufacturer, Western manufacturer and sales representative. You told us through

your nominations who you think the cream of the crop are, and as always, a few stood out head and shoulders above the rest. Each of the companies and individuals chosen has a strong desire to do things the right way, to make an impact in their communities, but also to be successful in their own right.
