

The Easyboot from EasyCare is a natural way to provide hoof protection, traction, treatment, cushioning and correction while allowing the horse to go barefoot at all other times. The company recently began offering a custom-made hoof boot system on its Web site and is also selling the Hoofjack, a device used to help keep a horse's foot positioned properly while it is being worked on.

More Stuff to Stock

You may have been asked about horse boots or specific supplements promoting healthy hoof growth. If you're in Florida, those boots may still be sitting on the shelf. Depending on where you are in California, you may not be able to keep the boots in stock. Several companies have developed some reliable alternatives to horseshoes.

EasyCare, Inc. features several horse boot styles including the Easyboot, noted for its cable and buckle fixture. Some styles were continually on backorder in 2006, a testament to the growing popularity of shoe alternatives.

Benjamin Franklin Revisited

For want of a nail a shoe
 was lost, for want of a shoe
 a horse was lost,
 For want of a horse
 a rider was lost, for want
 of a rider an army was lost,
 For want of an army
 a battle was lost, for want of
 a battle the war was lost,
 For want of the
 war the kingdom was lost,
 And all for the want
 of a little horseshoe nail.

The Original
Mane 'n Tail®

Now your customers have a choice!

The Original 32 oz. spray
Detangler
 or the **NEW**
Concentrated
