55. Brid-OVR is a show-quality halter that allows riders to bridle and unbridle without removing the halter with a strategically placed extra clip. One-inch black harness leather with stainless steel fittings and matching lead comes in four leather colors and three sizes. [www.Brid-OVR.com](http://www.Brid-OVR.com)

56. The Stubben Biomex saddle seat design relieves strain on the riders' back and promotes good riding posture. Two kidney-shaped pads cushion a rider's seat bones, absorbing impact and relieving stress on the spine and the soft tissues surrounding the seat bones. (800)550-1110

57. The World Cup Vest from Arista Equestrian is perfect for those chilly spring mornings. Lightweight, water repellent fabric makes this vest pretty and practical. Features include two-way zipper, hand pockets and rivet detailing. In black or orchid, XS-XL. [www.aristaequestrian.com](http://www.aristaequestrian.com)

58. The new HOOFix Abscess Kit provides everything needed to effectively treat a hoof abscess or bruised hoof. Includes a Treatment Boot, Povidone iodine, cushioning band, Epsom salt poultice pacs, heavy gauge barrier bags, 12 cc syringe and bandage rolls. [www.PlumShadeFarm.com](http://www.PlumShadeFarm.com)
