Dutta Endorses ThinLine

International dressage competitor Susan Dutta, pictured above, has been added as a Featured Rider by ThinLine, Inc., makers of ThinLine saddle pads and riding accessories.

ThinLine's best known products are pads that are placed under the saddle for shock absorbing comfort and support, without being bulky. The no slip pads are breathable and conform to the horse's body when warmed by its body temperature.

Do your customers have a drinking problem?

Many do. That's why we invented Horse Quencher, so horses will drink when and where their owners want, through trailering, illness, and weather. See horsequencher.com/tnt or call 888-QUENCHS (783-6247) for retail detail on this hot new category.
